Dear Black Car Fund Member:

Periodically, The Black Car Fund (the "Fund") performs a financial analysis to determine the adequacy of the surcharge rate to be charged to customers for covered services dispatched by member bases. After a recent review, The Fund has determined that a reduction of the surcharge rate from the current 3.0% to 2.75% is appropriate, at this time. Therefore, in accordance with New York State Law governing the operation of The Fund, the *Uniform Monthly Surcharge Rate* will decrease from the current 3.0% to 2.75% applied to all *Covered Services* (as outlined in the Executive Law, Article 6-F) started on and after July 1, 2023.

At a time of sharply increasing costs, the management team at The Fund and its Board of Directors is pleased to report this **reduction** in the surcharge rate.
