

What you should know about us and why we are important to you, and your family.

Who are we?

The Black Car Fund (BCF) is your workers' compensation insurance provider.

Why are we important to you?

If you are on the job for a BCF Member Base* and become injured while working, we cover you for lost wages and medical benefits.

What does it mean to be “on the job”?

“On the job” means that you are on a dispatched call from one of our Member Bases*.

Who pays for your coverage?

Workers' compensation coverage is automatically provided for drivers who are injured on the job - no additional payments are required apart from the mandatory surcharges paid for by your passengers.

Where can you get more information about your workers' compensation coverage?

Go to **www.nybcf.org**
